In presenting the trophy it is suggested that you read the following citation:

In an epic journey man for the first time in December 1968 soared out of the earth gravitational field, flew unerringly into a close orbit of the moon, then back to a precise and safe landing. This historic voyage performed at times before the largest television audience in history, and open for coverage by the world's press reflects the utmost credit on the United States Space Program, Congress, NASA, and thousands of companies and employees in industry representing all these, the courageous, competent crew of Apollo 8.

Following the presentation of the Goddard Trophy you will ask Dr. Thomas O. Paine to step forward and make the announcement of his selection as Administrator of NASA. (Mrs. Paine will be present, but seated).
